

How to transfer money by Fast Payment System

1. Open Internet Bank or your mobile application «ISBANK-Online», select **Operations** → **FPS transfer (FPS)**
2. Select the account, from which the payment will be sent, write down the recipient's phone number. Transfer is only possible using current account.
3. Select the bank from the list of FPS participants and enter the transfer amount. Information about the current list of the Banks connected to FPS system can be seen [here](#).
4. Check the entered data and transfer the money by clicking «SEND».
5. To confirm the operation enter the code sent to your phone number.
6. **Ready!** The money is sent — Recipient will immediately see the money on his account.

The screenshot displays the FPS Transfer interface in three stages:

- Form Stage:** Fields for 'Transfer from' (40817810000000000000), 'Amount' (10.00), 'Recipient phone number' (+7 (967) 000-00-00), 'Beneficiary bank' (Tinkoff Bank), 'Payment purpose' (Прочее), and 'Message to recipient' are visible. A 'NEXT' button is highlighted.
- Summary Stage:** Shows the recipient's phone number (+7 (967) 000-00-00), beneficiary bank (Tinkoff Bank), payment purpose (Прочее), and a 'Message to recipient' field. A 'SEND' button is highlighted.
- Confirmation Stage:** Displays a summary of the transfer: transfer: 10.00 ₺, КОМИССИИ: 0.00 ₺, ИТОГО: 10.00 ₺. It also shows the operation time (02.10.2020 12:00 GMT+03:00) and operation identifier (A0276090054129010000067C1F6E1753). A toggle for 'I have read and agree to the bank tariffs' is checked. An 'Enter received password' field is present with a 'SEND' button highlighted.

It is additionally available the function «**Set the Bank by default**».

In «**Settings**» → **FPS transfers** is proposed to set ISBANK JSC by default in order to receive transfers by phone number.
